## **Foreword**

As we entered the Covid-19 pandemic, the team at Fife Forum began to think about how they might be able to continue providing support to people and organisations throughout Fife. To assist our role, and ourselves in this, we began to gather detail relating to what supports were available for people during what was and is unprecedented times.

Fife Forum started to collate a Resource & Support List which the staff went on to distribute among their work contacts. Since then the list has grown and we are now attempting to better present the information to assist the reader. As many of the provisions scribed provide more than one support over a variety of areas we intend to now present the information by geographical area rather than service type.

The list will remain far from comprehensive but hopefully it continues to capture at least some of the primary supports we at Fife Forum are aware of. Beyond the pandemic, many of the contacts listed should remain valid as services remobilise, albeit the provisions offered will inevitably evolve as restrictions ease.

Please feel free to distribute as widely as you see fit and contact Fife Forum (FAO Wayne by email to [info@fifeforum.org.uk](mailto:info@fifeforum.org.uk) or directly [wayne@fifeforum.org.uk](mailto:wayne@fifeforum.org.uk)) should you wish to include or amend information. Our intention is to present information as accurately as we are able and apologise if errors occur. Should you note any anomalies please notify Fife Forum and we will endeavour to correct this as soon as is practicable.

Fife Forum aims to update this resource weekly (Thursday) and it is downloadable from our website  
[www.fifeforum.org.uk](http://www.fifeforum.org.uk)

If this helps one person this feels worthwhile. Stay safe, stay well.
